

Melos Easy Blend

»EPDM coloured mixes for floor covering systems in the area of sports, leisure and business«

The component for high quality floor covering systems

EPDM mixes, so-called blends are available in the form of Melos Easy Blends. Easy Blends consist of three specified principal colours: Rose, May Green and Sky Blue. In addition to this, technical black EPDM and a variable EPDM colour mix are also added to the Melos Easy Blends. In this way, the proven advantages of highly cross-linked, coloured Melos EPDM Granules are combined to create an attractive, long-life and safe product.

Melos Easy Blends satisfy the requirements of all fall protection surfaces and of intensively used floor coverings. They are also especially resistant to dirt and offer a high level of cost effectiveness due to their optimised sub-components.

Durable

Certified quality

Weatherproof

Eco-friendly and harmless to health

Virgin material

Favourable in terms of care and maintenance

» Favourable in terms of care and maintenance

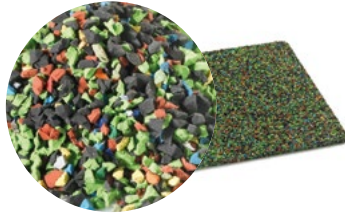

Ready-mixed high quality EPDM Granules at an attractive price. The optimum composition of the Easy Blends enables sophisticated floor coverings that are hard-wearing.

» Available colours

Easy Blend Red
Code: 50 0138

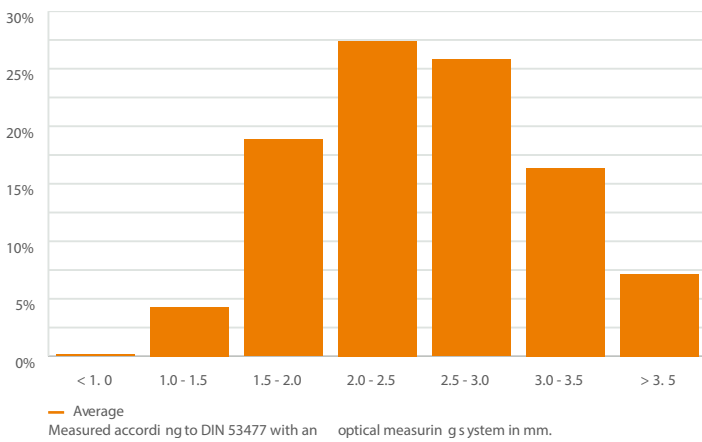

Easy Blend Green
Code: 50 0139

Easy Blend Blue
Code: 50 0140

» Sieve curve Easy Blend 1.0 - 3.5 mm

» Product information basic component

Property	Unit	Value*	Test standards
Density	g/cm ³	1.60	DIN EN 1183-1
Polymer content	%	approx. 20	DIN EN ISO 3451-1
Hardness ¹	Shore A	60	DIN ISO 7619-1
Tensile strength ¹	MPa	> 6	DIN 53 504
Elongation at break ¹	%	> 700	DIN 53 504
Grain size	mm	1.0 - 3.5 (other grain sizes are available on request)	
Polymer base ¹	EPDM		

» Environmental and health tests basic component

Test in accordance with	Conformity
EN 71-3	Fulfils the requirements of the toy safety standard with respect to the migration of certain components.
AfPS GS 2014:01 PAK	Fulfils the requirements of the category 3.

*Technically related variations in property and colour and production-related variations as well as innovations and technical changes are reserved.
Products shown may differ in configuration from the actual product.
Because of the manufacturing process, the colour equality can be ensured only per batch.

¹ Specified values refer only to the coloured EPDM components.
